

BAY VIEW HOUSE

PREMIUM STANDARD HOME DEVELOPED, OWNED AND OPERATED BY THE PRESTWICK CARE GROUP

W H I T L E Y B A Y

HELLO & WELCOME

TO BAY VIEW HOUSE, THE LATEST PREMIUM HOME DEVELOPED, OWNED AND OPERATED BY THE PRESTWICK CARE GROUP.

Bay View House fronts directly onto the beautiful sandy beaches and scenic vistas of the coastal town of Whitley Bay, regularly voted by The Sunday Times as one of the best places to live in the UK. From the property, you can see the historic St Mary's Lighthouse to the north and the coastal village of Cullercoats to the south.

Whitley Bay offers a range of local amenities, from a vibrant playhouse to the beautifully restored Spanish City dome, an iconic 1910 landmark that now houses entertainment, dining, and leisure venues. The town also features classic seaside arcades and amusement centres, enhancing its traditional coastal charm.

Bay View also benefits from excellent road, bus, and rail connections, providing easy access to the wider North East of England, including the major city of Newcastle upon Tyne. Additionally, sea and ferry services are just a few miles away in nearby North Shields.

The building where Bay View House is situated was originally constructed in 1907 and first operated as a hotel under the name The Waverley. It was later renamed the Rex Hotel in the 1930s. The Rex Ballroom was a must-visit venue for those who wanted to be 'seen' and entertained, hosting renowned artists such as Billy Connolly, Status Quo, Gerry Rafferty, and Lindisfarne.

The 83-bedroom home has been meticulously designed to offer a spacious, modern, and welcoming environment for residents to enjoy. It also provides opportunities for privacy, with designated family rooms, ground floor courtyards, and a secure fourth-floor roof terrace.

The home is spread over five floors, all fully serviced by two passenger lifts. Each floor is wheelchair-accessible, ensuring comfortable movement

throughout both the corridors and individual rooms. In addition to the 83 bedrooms, the home features a restaurant, multiple dining rooms and TV lounges, a cinema room, bar, and a hair salon. Communal bathrooms are also equipped with specialist baths to accommodate residents with individual bathing needs.

Each spacious bedroom is equipped with its own shower en-suite and has been individually furnished to a high standard, featuring specialist beds, bespoke fitted furniture, free Wi-Fi, and fitted LCD televisions. For the safety and well-being of our residents, each room is also equipped with an emergency Telecare call system, along with an effective lighting system to ensure safe movement within the room at any time of day or night.

Many of the bedrooms and communal areas feature large windows offering stunning, uninterrupted views of the coastline. With the home facing directly east, residents can enjoy breathtaking sunrises over the North Sea horizon. The top floor also includes four luxurious 'penthouse' suites, ideal for individuals seeking a more private residential living experience.

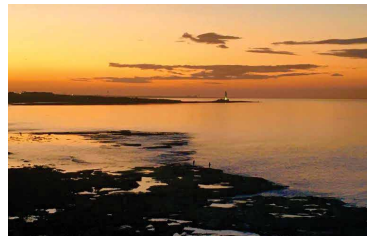

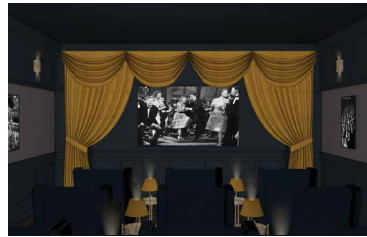

The home provides a full spectrum of care services, including residential care, nursing care, dementia care, as well as those who are younger adults with a physical disability.

At Prestwick Care, we believe each resident deserves the quality of care necessary for them to enjoy life to the fullest. We ensure that every member of staff is fully trained so that this level of care is delivered, and that each resident truly feels at home at Bay View House.
